Interests and Activities in Nursery

Roos, Piglets, Tiggers and Christopher Robins

This month we are concentrating on settling the children back into nursery. They are in small groups and have a selection of activities morning and afternoon as well as access to the outside area both morning and afternoon, again in their small groups. The children will still be able to access most activities in the nursery, although some they will not have such as sand, shaving foam etc. Painting and junk modelling will be on offer and each child has their own bag of pencils, pens and crayons for them to make marks whenever they want to. Each child also has their own box of playdough to use.

Parent participation – Don't forget the activity ideas that we have posted on Tapestry for you to do with your child

Re-opening the nursery

The re-opening of the nursery has gone very smoothly. Thank you to all the parents for completing the additional paperwork asked of you and for following our new procedures. The children have returned extremely well and it is lovely to see that they are so happy to be in nursery again.

Before your child returns to nursery you will receive an e-mail with Parent Drop off and Collection Guidelines. In this e-mail we will also ask for your contact details to ensure we have the most up to date information, and for you to complete a Personal Health Questionnaire. We are looking forward to welcoming more families back to nursery over the next few weeks. We have completed an activity and equipment risk assessment which I have attached and it will also be available on the website, please let me know if you have any comments or questions.

Activities on Tapestry

We will continue to post activities on Tapestry every Monday and Friday, however, I apologise in advance if we miss one very now and then due to our workload. Thank you in advance for your understanding in this matter.
